

HOW MANY LICKS

2022

Developed in collaboration with performer ~~Net~~ Mess, *How Many Licks* stages a body interacting with a screen positioned between the legs, generating a choreography shaped by repetition and tension. A looped sample from Lil' Kim's song structures time and movement, producing a hypnotic rhythm. The work reflects on mediated desire, femininity, and the construction of erotic spectacle through popular culture and everyday images.

Selected exhibitions:

* Switch the ~~N~~itch, La Rada, Locarno, 2022

How Many Licks, 2022

Single-channel video with sound, 10'
